Premium	Your monthly (or annual) health plan payment to enroll in a plan

CHOICES—MEDICAL, PHARMACY AND BEHAVIORAL HEALTH

This comparison highlights key differences and similarities between the various plans. Please refer to the *HealthFlex Benefit Booklet* for more details.

For all plans:

- The same network of providers (physicians, hospitals and other health care providers) and the same prescription drug (Rx) formulary apply.
- All wellness and preventive services are covered at 100%, with no deductible required.
- The out-of-pocket maximum includes the deductible, co-payments and co-insurance from medical, behavioral health and pharmacy services. The out-of-pocket maximum does not include payment for dental and vision services.
- Inpatient services and outpatient services/procedures (other than office visits in the B1000) require the deductible to be paid first, then the plan pays the associated co-insurance.

There are also important differences in how each type of plan covers some services. These differences may inform your plan selection:

Plan Feature	HSA Plans (H1500, H2000, H3000) In Network	HRA Plans (C2000, C3000) In Network	B1000 In Network
Deductible	Full family deductible applies if any dependents are covered	Separate deductible for individual vs. family	
Office Visits, Urgent Care, Emergency Room	Deductible must be met; then co-insurance		Co-payments; do not need to meet deductible
Behavioral Health Visits	Deductible must be met; then co-insurance	Co-payment or co-insurance; do not need to meet deductible	
Prescription Drugs (Rx)	Deductible must be met unless on preventive drug list; then co-payment/co-insurance	Co-payment or co-insurance; do not need to meet deductible	
Health Accounts	Includes an HSA ¹ ; eligible for limited-use health care flexible spending account (FSA) ²	Includes an HRA; eligible for full-use health care flexible spending account (FSA)	Eligible for full-use health care flexible spending account (FSA)

The deductible, co-payments and annual out-of-pocket limit are the participant's share to pay. All other "benefits" are the amounts or percentages that the plan (HealthFlex) pays for a service. If you did not take the Health Check during the 2022 incentive period, your deductible will be increased by \$250 (individual coverage) or \$500 (family coverage)—see *Standard Deductible* details on page 3 (footnote). Households with family coverage in the H3000 plan in 2023 who do not complete the Health Check in 2022 will have their deductible and individual out-of-pocket maximum increased by \$500 so the deductible does not exceed the individual out-of-pocket max.

¹ H3000 has no plan sponsor HSA funding unless there is excess premium credit.

² Limited to dental and vision expenses only until the participant notifies HealthEquity that the IRS-defined deductible has been met, then for all eligible health care expenses (2023 IRS-defined deductible: \$1,500 individual coverage/\$3,000 family coverage).

¹ **Standard deductible:** Assumes participant and covered spouse met the Health Check incentive requirement in 2022. If not taken, your deductible will be increased by \$250 for individual coverage or \$500 for family coverage. Households with family coverage in the H3000 plan in 2023 who do not complete the Health Check in 2022 will have their deductible and individual out-of-pocket maximum increased by \$500 so the deductible does not exceed the individual out-of-pocket max.

² **Out-of-Network:** Any and all benefits to be paid are subject to Reasonable and Customary provisions, meaning reimbursements are limited to the Maximum Allowance under the plan. Covered individuals are responsible for amounts out-of-network providers charge in excess of the Maximum Allowance. Behavioral health office visits are paid at in-network level for all plans.

³ **OON Benefits:** As required by applicable law, in-network cost sharing rules may apply for certain out-of-network services, including certain emergency services, air ambulance services, and services from an out-of-network provider at an in-network facility. This means the amount you pay for these services may be lower than provided in this chart.

¹ Standard Deductible: Assumes participant and covered spouse (if applicable) met Health Check incentive requirement in 2022. If not taken, the deductible will be increased by \$250 for individual and \$500 for family deductible. Households with family coverage in the H3000 plan in 2023 who do not complete the Health Check in 2022 will have their deductible and individual out-of-pocket maximum increased by \$500 so the deductible does not exceed the individual out-of-pocket max.										
² Co-payments/co-insurance apply after deductible has been met for most drugs. Deductible does not need to be met for medications on the OptumRx preventive drug list.										

Two HealthFlex policies related to pharmacy benefits affect the amount you pay out of pocket for prescription drugs.

- **Point-of-Sale Rebates:** Certain drug manufacturers provide rebates on the purchase of their prescription drugs. The price of the drug will be adjusted when you purchase it to reflect the rebate.
- **Specialty Medication Manufacturer Coupons (commonly referred to as “copay cards”):** If you use a coupon provided to you by a prescription drug manufacturer when purchasing specialty medication at Optum Specialty Pharmacy, you will only receive credit towards your deductible and out-of-pocket maximum for the amount you actually pay out-of-pocket when you purchase the drug. You will not receive credit for the amount of the coupon because you did not pay that amount.

Health Flex includes a number of drug utilization management programs to maximize safety and cost efficiencies. These include:

- **Mandatory Generics:** HealthFlex (plan) will cover only the cost of the Generic Drug equivalent. If a participant requests a Brand-Name Drug when there is an equivalent Generic Drug available, the participant will be charged the amount equal to the applicable Generic Drug Co-payment (e.g., \$10 at retail) plus the cost difference between the Brand-Name Drug and the Generic Drug.
- **Maintenance Medication Requirement:** Under the plan, participants are allowed a total of three 30-day fills of a maintenance medication at a Retail Pharmacy (one original fill plus two refills). After that, the medication must be obtained in 90-day fills through the OptumRx Mail-Order Pharmacy or through a Walgreens Pharmacy. Additional 30-day fills at Retail will not be covered by the plan; the participant will pay for such refills at the full price, even if it is a Participating (in-network) pharmacy.
- **Prior Authorization and Step Therapy Programs:** Some medications are only covered for specific medical conditions or for a specific quantity and duration. OptumRx, in cooperation with your physician, determines the coverage based on clinical guidelines. Prior authorization may include: quantity limits, step therapy, or restriction of coverage to certain populations or conditions.

This summary highlights some of the features of these benefit plans. The summary is for illustrative purposes only and is subject to change at any time. The controlling terms and conditions of the benefit plan are contained in the plan documents, policies and the HealthFlex Benefit Booklet (collectively, the “Documents”) maintained by Wespath Benefits and Investments. If there are any conflicts between the information in this summary and the terms of the Documents, the terms of the Documents shall control.

CHOICES—DENTAL

This comparison highlights key differences and similarities between dental plans offered through HealthFlex: **Passive PPO 2000**, **Dental PPO** and **Dental HMO**. Dental benefits are provided through Cigna.

The annual deductible and co-insurance amounts are your share to pay. All other benefits shown are the amounts or percentages that the plan pays for a service. **The Passive PPO 2000 and Dental PPO use Cigna's PPO Advantage Network. The Dental HMO uses the Cigna Dental Care Access Plus Network. Visit [cigna.com](https://www.cigna.com) to search for in-network providers.**

Note: Only the Dental PPO and the Passive PPO 2000 include Cigna Dental Wellness PlusSM features. When you or your family members receive any preventive care in one plan year, the annual dollar maximum will increase the following plan year, until it reaches the level specified below.

Refer to the HealthFlex Benefit Booklet for additional plan details.

CHOICES—VISION

VSP® Vision Benefits

This comparison highlights key differences and similarities between vision plans offered through HealthFlex:

Exam Core, Full-Service and **Premier**. Vision benefits are provided through VSP.

To use your VSP benefit, register at vsp.com, review your benefit information, and find an eye care provider who is right for you. At your appointment, tell them you have VSP—there is no ID card necessary, but if you would like one as a reference, you can print it at vsp.com. There are no claim forms to submit unless you see an out-of-network provider.
